COUNT-UP TIMER SETTING (See Fig. 1)

1. When Timer is in rest stage (00 min., 00 sec.), press **[START]** button once will activate count-up feature and Timer starts to count up at 1 sec. resolution.
2. Press **[STOP/RESET]** button once can stop the count-up Timer.
3. Press **[START]** button once and timer will start counting up again.
4. Press **[STOP/RESET]** button twice can reset count-up timer to zero.

TIMER ALARM (See Fig. 1)

1. When Timer counts down to 00 min., 00 sec., Timer alarm starts to sound for maximum 1 minute.
2. Timer alarm can be stopped by any key-board switches **[0]** - **[9]**, **[START]** or **[STOP/RESET]**.

ANALOG CLOCK SETTING (See Fig. 2)

Turn the rotary knob of analog clock in either direction for desired hour and minute.

REPLACEMENT OF BATTERY (See Fig. 2)

Use finger to remove battery cover from cabinet. Remove exhausted battery and put a new 1.5V UM-3(AA) size battery into battery compartment. Make sure positive (+) and negative (-) is matching with the indication inside the battery compartment. Replace the battery cover.

FIG. 2

TIMER-CLOCK FEATURES

1. Timer has 4 digits display for minute time and second time.
2. Timer has count-up or count-down functions.
3. Count-down Timer maximum setting is 99 MIN., 99 SEC. and counts down at 1 second resolution.
4. Count-up Timer maximum counting is 60 MIN., for one lap and repeats counting. Timer counts up at 1 second resolution.
5. Analog clock has three hands showing HOUR, MINUTE and SECOND.

COUNT-DOWN TIMER SETTING (See Fig. 1)

1. Press **[STOP/RESET]** button once to reset Timer to zero.
2. Press **[0]** - **[9]** keys for desired minute time first then second time. If count-down time is less than 99 sec., just press two keys for desired second time.
3. If setting is not the desired one, press **[STOP/RESET]** button once to reset Timer and set again.
4. After time setting is ready, press **[START]** button once and Timer will start to count down.

NOTE: If 2 min., 99 sec. is set, when second time counts to zero, second mode will start from 59 sec. again.

TO STOP COUNT-DOWN TIMER

1. When Timer is counting down, press **[STOP/RESET]** button once and Timer will stop.
2. Press **[START]** button once and Timer will start counting down again.
